

9mod / GetmodsPC Update Popup Remove Guide

Step 1 — App ko MT Manager me open karo.

Step 2 — classes.dex ya last dex open karo.

Step 3 — Search icon par click karo.

Step 4 — Search karo: `i/i`

Step 5 — Open karo: `pk$1000000008.smali`

Step 6 — Search karo: `.method public run()V`

Step 7 — `.end method` tak pura old code delete kar do.

Step 8 — Niche wala code paste karo.

Step 9 — Save karo.

Step 10 — APK rebuild aur sign karo.

Replacement Smali Code

```
.method public run()V
    .registers 1

    return-void
.end method
```

Result:

- Update popup remove
- Remote update check disabled
- Forced update disabled

Important:

Sirf `run()` method replace karna hai.

`.class`, `.super`, fields aur constructor delete nahi karna.
